

*"Every clinical journey in Korea
begins with K-CThub"*

**01 Providing Clinical Trials
Resources in Korea**

Investigators, sites, service providers,
regulations, and epidemiological data

**02 Support for Designing and
Conducting Clinical Trials**

Supporting clinical trials design
and implementation based on AI

03 Feasibility Service

Providing disease-specific patient numbers
and recommended investigator information

**04 Clinical Trials Recruitment
Support**

Supporting participant recruitment via
a public platform developed by KoNECT

Let's connect, it's KoNECT!

**Korea Clinical
Trials Hub**

K-CThub

hub

국가 임상시험 허브 플랫폼
Korea Clinical Trials Hub

An integrated platform that provides step-by-step resources and services for conducting clinical trials in Korea.
